📅 20/01/2004 in Aman Sharma ⬡ Aman103767 🔗 Portfolio

🧩 Professional Summary

Seasoned backend developer with a dynamic blend of over 2 years of experience, comprising 1 year of professional experience and 1 year of immersive hands-on practice in crafting applications. Equipped with a versatile skill set, I thrive both independently and within collaborative team environments. My forte lies in adept problem-solving and meticulous debugging, ensuring seamless application performance. Proficient in Java, Spring Boot, MySQL, Hibernate, MVC, and Angular, I possess a comprehensive understanding of the full-stack development landscape.

🧠 Skills

Technical Skills

Java | Spring | SpringBoot | Spring MVC | Hibernate | JDBC | MySQL | REST API | Post Man | Maven | Type Script | Angular | HTML | CSS | JavaScript | NgPrime | BootStrap | AWS

Soft skills

Problem Solving | Time Management | InterPersonal | Positive Attitude | Quick Learner

🎓 Education

Java Backend Development Program

Masai School (Full Time) ⬈

01/2022 – 12/2022

Bachelor of Computer Applications

IGNOU | Dropout ⬈

07/2021 – 01/2022

Higher Secondary Education

The Sharpage School | Gwalior

04/2020 – 06/2021

🎸 Interests

Electronic Gadgets, Riding Bicycle

💼 Professional Experience

Software Developer

Hostbooks Privated Limited ⬈

02/2023 – present | Gurugram, Haryana

- Developed and deployed resilient and secure backend architecture using Spring Boot and Hibernate technologies.
- Implemented strategic solutions to streamline data processing, enhancing the reliability of accounting applications.
- Crafted and orchestrated RESTful APIs for optimized inter-system communication.
- Fostered fluid data exchange between backend and frontend environments.

📂 Projects

E-Commerce ⬈

Developed "BindGo," an Online Shopping Application with a meticulous REST API service. The platform facilitates seamless customer and admin signup/login, product browsing, ordering, and review functionalities. Leveraging modern web technologies ensures optimal performance, reliability. Additionally, deployed on AWS EC2 instance, demonstrating proficiency in cloud deployment practices

Features

- Seamless signup/login for both customers and admins.
- User-friendly cart management and ordering system.
- Easy product review and service feedback options.
- Product reviews for customer decision-making.
- Complete CRUD operations authority on products granted to admins.

Tech Stack

Java | Hibernate | Spring Framework | Spring Boot | Spring Data JPA | MySQL | Swagger UI | Maven | JWT | Spring Security | Angular | NgPrime | HTML | CSS | TypeScript | BootStrap | AWS
