📁 Projects

Asos Clone ⧉
ASOS is one of the leading fashion product brands and we made a clone of its online retail platform. This was the group project team of 5 members

Features
• End-to-End product purchasing flow from the website.
• Different Sorting features for products.

Tech-Stack
• CSS
• HTML
• JAVASCRIPT

Area of Responsibility
My contribution to the ASOS website was the cart page and payment page. As a leader, my role in this project was to manage each file, merge them, and push them to the git hub.
