PROJECTS

ASOS - Clone
Duration - 5 days

ASOS is one of the leading fashion product brands and we made a clone of its online retail platform. This was the group project team of 5 members.

Features

• End-to-End product purchasing flow from the website.

• Different Sorting features for products.

Tech-Stack

CSS | HTML | JAVASCRIPT

Area of Responsibility

My contribution to the ASOS website was the cart page and payment page. My role in this project as a leader manage each file, marge them, and push it to git hub.
